Christine – I found the Oct 2009 draft proposal in my CWA files. I also found a PDF of the EPA/NOAA June 2008 conditional approval letter.

Jenny – I found two 2009 options/briefing docs. The first has an options analysis and both have forestry background that could come in handy. You asked about CZARA guidance on a phone call with NOAA so I've also included a PDF'd 1998 file on administrative changes to CZARA guidance.

The official OR CZARA files in Seattle would likely have other correspondence you might need... or you could ask Allison and Don for copies. There are 4 boxes full of OR Documents in Seattle.

Dave, thank you so much, but I have this one. What I lack is a few others that are referred to along the way. It would be good to have the complete set of correspondences/documents that the state provided on which we based our settlement. So, what's missing for me are:

- The July 21, 2010 letter DEQ sent to us;
- Oregon's October 29, 2009 draft approach; and
- EPA's 1997 conditional approval.

Thanks.

Christine – attached is a pdf of letter DEQ submitted to EPA/NOAA outlining their commitment for meeting CNPCP requirements. Option #1 for Forestry (IR TMDL) is what the State chose to pursue to meet outstanding CZARA forestry issues. EPA and NOAA used it as the basis for the NWEA settlement agreement.

Rick - Per our discussion here is the July 26, 2010 letter from OR DEQ committing to the "Implementation Ready TMDL"/"Safe Harbor" BMP approach in the CNPCP area. Ex. 5 - Deliberative I still can't find an EPA "approval" letter for the Forests and Fish rules but have located an e-mail from Tom Eaton that is the closest thing that I've seen to making a call on the Forests and Fish rules and the CNPCP. I will forward that you too. Also, there is a letter from the same players litigating in OR on the WA CMZA review that I will try to track down and send you. Dave
